### Quality and technology leadership

Acknowledged global quality leader for fully and semi plug-in cabinets, in terms of both build quality and product durability.

Plug-in technology leader in terms of energy efficiency, cooling performance and fully “green” product range.

### Customer-centric innovation

Continuous introduction of product and technology innovations based on customer requirements.

Key account management that ensures customer familiarity and proximity.

### Long-term customer relationships

Relationship with all our key customers for over 24 years; we supply most of the top retailers.

“Follow your customer” approach.

### Global sales and service network

Sales subsidiaries in 15 countries, and a global network of COOLPOINT partners in >100 countries.

Use of certified third-party service providers enables AHT to maintain a lean sales and service organisation.

### Fast-reacting, best in class lead times

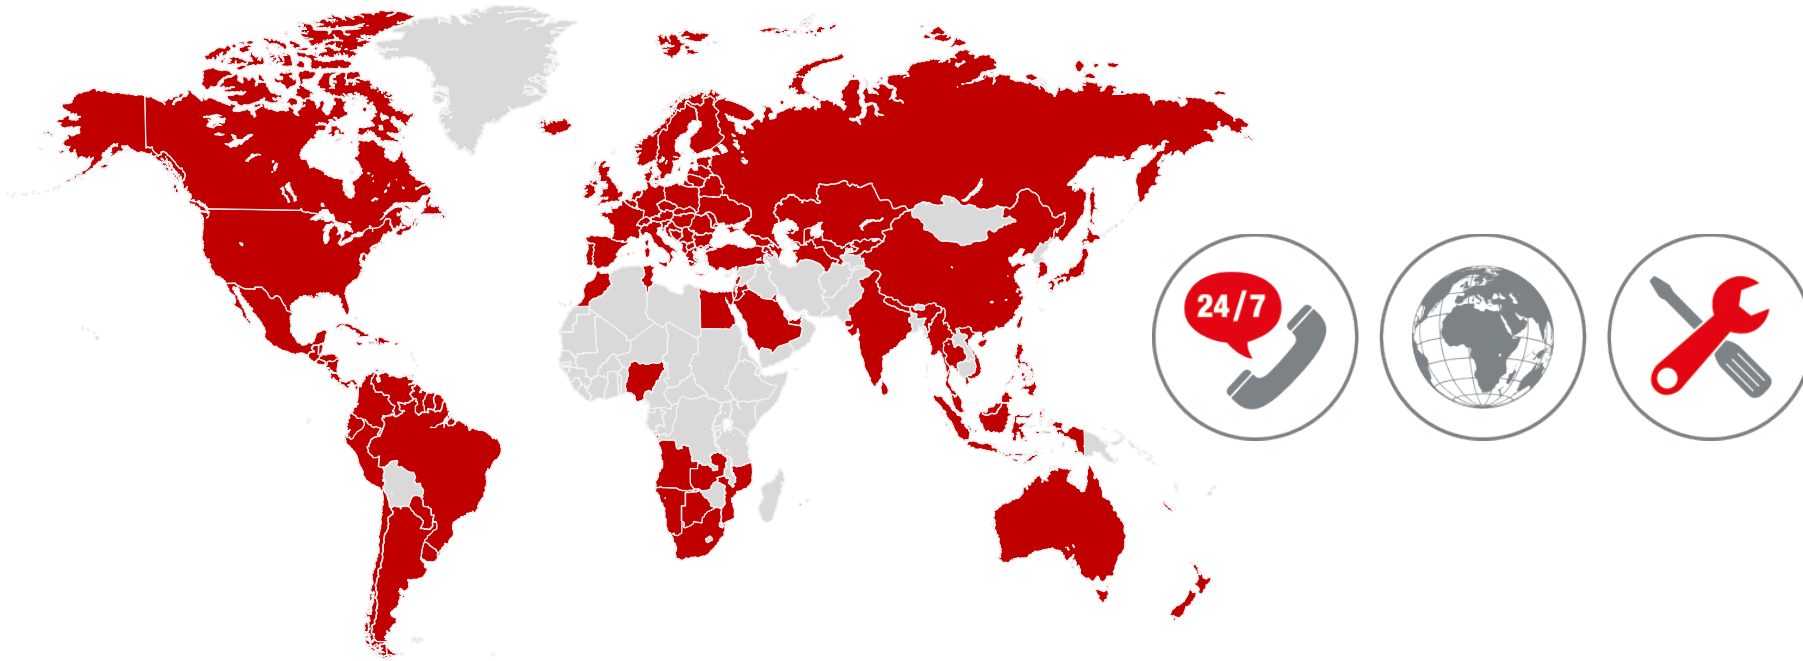

Industry benchmark in lead times – more than 90% of products available within 8 weeks.

We consistently deliver with short lead times – 3-4 weeks for regular product range.

WHAT WE  
NATURALLY  
STAND FOR

Naturally
